ABOUT ME

I am a highly technical, analytical, positive, and motivated individual with a keen interest in continuous self-development and acquiring knowledge across various domains.

My interests encompass data analytics, problem-solving, personal growth, macroeconomics and investments, reflecting my enthusiasm for diverse and impactful pursuits.

WORK EXPERIENCE

- Set 2021- Present
EDP Global Solutions
Business Analyst and Systems Specialist
I specialize in creating business intelligence dashboards for the organization. Additionally, I take on responsibilities involving the management, development of new features, and provision of support for our internal IT systems.
- 2021
Banco Empresas Montepio
Investment Banker (Sell-Side)
I was tasked with identifying corporate investors for debt issuances from large Portuguese companies.
- 2020-2021
Banco Montepio
Trainee
Throughout this period, I contributed to the Credit Analysis department, worked within a bank branch, and collaborated with the International Finance department. My primary responsibilities included constructing a dashboard and engaging in futures trading within the financial markets.
